This exploded view diagram illustrates the assembly of a mechanical device, likely a pump or motor. The components are numbered 1 through 23. The assembly is shown in a disassembled state, with parts arranged to show their relative positions and how they fit together. Key components include a central housing (1), a shaft (2), a rotor (3), a stator (4), a piston (5), a connecting rod (6), a crankshaft (7), a flywheel (8), a belt (9), a pulley (10), a timing gear (11), a timing belt (12), a timing chain (13), a timing sprocket (14), a timing pulley (15), a timing chain guide (16), a timing chain tensioner (17), a timing chain adjuster (18), a timing chain cover (19), a timing chain bracket (20), a timing chain pin (21), and a timing chain nut (22). The diagram shows the assembly sequence from the central housing down to the timing chain components.
